JOURNAL OF TISSUE CULTURE METHODS

VOLUME 13 NUMBER 1 1991

TABLE OF CONTENTS

CONTRIBUTED PAPERS

Brain Tissue in Nonadherent Stationary Organ Culture
Sverre Karmhus Steinsvåg 1

Morphologic Identification of Epithelial Cell Types of the Human Tracheo-Bronchus in Cell Culture
Craig D. Albright, Kevin P. Keenan, Kristin L. Colombo, and James H. Resau 5

A Method for the Isolation of Cells From Arteries of Various Sizes
Maithili Subramanian, Jane A. Madden, and David R. Harder 13

Measurement of Intracellular LDH Activity in 96-Well Cultures: A Rapid and Automated Assay for Cytotoxicity Studies
Xavier Ponsoda, Ramiro Jover, José Vicente Castell, and María José Gómez-Lechón .. 21

Reproducible Layering of Tissue Culture Cells Onto Electrostatically Charged Membranes
Richard Heller and Robert J. Grasso 25

Simultaneous Preparation of Four Cell Type Enriched Glial Cultures From Rat Cerebral Cortex
Anna da Cunha and Ljubiša Vitković 31

An Effective Method for Establishing Human B Lymphoblastic Cell Lines Using Epstein-Barr Virus
J. L. Caputo, A. Thompson, P. McClintock, Y. A. Reid, and R. J. Hay 39

Modified Culture Method for Human Corneal Epithelial Cells
Sharon Hainsworth 45

Procedure for Concentration and Conditioning of Hybridoma Cell Culture Medium for Monoclonal Antibody Purification
K. Veeraragavan, A. Bernier, M. Oliver, and E. Braendli 49

JOURNAL OF TISSUE CULTURE METHODS

VOLUME 13 NUMBER 2 1991

TABLE OF CONTENTS

STEM CELLS—Anne Hamburger, *Issue Editor*

I. Preface

Anne Hamburger 53

II. Hematopoietic Stem Cells

Methodology of Long-Term Culture of Human Hemopoietic Cells
Connie J. Eaves, Johanne D. Cashman, and Allen C. Eaves 55

In Vitro Frequency Analysis of Spleen Colony-Forming and Marrow-Repopulating Hemopoietic Stem Cells in the Mouse
Rob E. Ploemacher and Johannes P. van der Sluijs 63

Erythroid Stem Cell Culture in Serum-Depleted Medium
Francis C. Monette, Richard Hartwell, Daqing Wu, and George Sigounas 69

Clonogenic Methods In Vitro for the Enumeration of Granulocyte-Macrophage Progenitor Cells (CFU-GM) in Human Bone Marrow and Mouse Bone Marrow and Spleen
Scott Cooper and Hal E. Broxmeyer 77

In Vitro Cloning of Murine Megakaryocyte Progenitors (CFU-Meg)
Martin J. Murphy, Jr. and Kiyoyuki Ogata 83

III. Epithelial Stem Cells

Culture and Differentiation of Embryonic Stem Cells
Austin G. Smith 89

Culture of Conducting Airway Epithelial Cells in Serum-Free Medium
Cynthia B. Robinson and Reen Wu 95

A Method for the Prolonged Culture of Colonic Epithelial Cells
R. H. Whitehead and P. E. van Eeden 103

Methods for Propagation and Characterization of Human GI and Other Cells for Study of HIV
Mary Pat Moyer 107

Primary Culture of Fetal Rat Liver Bipotential Progenitor Cells
Marie-José Blouin and Normand Marceau 117

Replicative Culture In Vitro of Pancreatic Epithelial Oval Cells Derived From Rats After Copper Deficiency-Induced Acinar Cell Depletion
M. Sambasiva Rao and Janardan K. Reddy 121

IV. Applications of Stem Cell Cultures

Cloning of Primary Human Tumor Colony Forming Units in Glass Capillaries
Daniel D. Von Hoff, Marty Marshall, Donna Chacon, Belinda Leal, Frank Rodriguez, Sonya Drabek, Robert Garcia, and Barbara Brown 125

Two Modifications of the Clonogenic Assay: One Which Detects Cell Mediated Cytotoxicity and a Second for Factor Mediated Cytotoxicity
P. Scuderi, L. Woo, AS-F. Chong, R. Liu, and S. E. Salmon 133

JOURNAL OF TISSUE CULTURE METHODS

VOLUME 13 NUMBER 3 1991

TABLE OF CONTENTS

METHODS IN KIDNEY EPITHELIAL CELL CULTURE—James A. McAteer, *Issue Editor*

Monolayer Cultures of Microdissected Renal Tubule Epithelial Segments
Patricia D. Wilson 137

Culture of Human Renal Cortex Epithelial Cells
James A. McAteer, Stephen A. Kempson, and Andrew P. Evan 143

Primary Cultures of Shark Rectal Gland Epithelial Cells: A Model for Hormone-Sensitive Chloride Transport
John D. Valentich 149

Intact Organ Culture of Murine Metanephros
William E. Sweeney, Jr. and Ellis D. Avner 163

Growth Characteristics and Measurement of Confluency of Rabbit Primary Proximal Tubule Kidney Cells Grown on Millicell-HA Membrane Filters
Marshall J. Palmoski, Barbara A. Masters, Sue M. Ford, and Oliver P. Flint 169

Fluorescence Activated Cell Sorting of Principal and Intercalated Cells of the Renal Collecting Duct
Géza Fejes-Tóth and Anikó Náray-Fejes-Tóth 173

Immunoselection and Culture of Cortical Collecting Duct Cells
Anikó Náray-Fejes-Tóth and Géza Fejes-Tóth 179

Sodium-Dependent Transport by Cultured Proximal Tubule Cells
Hasan A. Al-Mahrouq, Mark E. Rassier, Thomas P. Dousa, and Stephen A. Kempson 185

Quantitation of Fluid-Phase Endocytosis by Proximal Tubular Cells in Culture
Mohan I. Abraham and Stephen A. Kempson 191

Organic Cation Transport by Cultured Renal Proximal Tubular Epithelia
Mary B. Scheller, Melanie Hosford, and T. Dwight McKinney 195

Methods of Assessing Oxidant Injury in Renal Tubular Epithelial Cells In Vitro
Sharon P. Andreoli and Coleen H. Mallett 199

Use of the pH-Sensitive Dye BCECF to Study pH Regulation in Cultured Human Kidney Proximal Tubule Cells
J. A. Bergman, J. A. McAteer, A. P. Evan, and M. Soleimani 205

Measurement of Intracellular Sodium and Potassium in Cultured Epithelial Cells
M. H. Montrose 211

Monitoring Cytosolic Calcium in Parathyroid Hormone Target Cells: Osteoblasts and Renal Epithelia
Roberto Civitelli, Akimitsu Miyauchi, and Keith A. Hruska 217

A Method to Measure the Rate of Net Fluid Secretion by Monolayers of Cultured Renal Epithelial Cells
T. K. Neufeld, M. E. Grant, and J. J. Grantham 229

Measurement of Cell Volume and Fluid Transport in MDCK Cysts by Video Microscopy
George A. Tanner and James A. McAteer 235

JOURNAL OF TISSUE CULTURE METHODS

VOLUME 13 NUMBER 4 1991

TABLE OF CONTENTS

CONTRIBUTED PAPERS

Altering the Dissolved Oxygen Tension in Tissue Culture Media
Loraine H. Anderson, Frank J. Roberts, Bernard Wilson, and William J. Mehm 241
A Method for In Vitro Cell Culture of Superficial Bovine Uterine Endometrial Epithelium
J. K. Thibodeaux, J. D. Roussel, Y. Menezo, R. A. Godke, and L. L. Goodeaux 247
Production of a Thermostable Vero Cell-Adapted Rinderpest Vaccine
Jeffrey C. Mariner, James A. House, Charles A. Mebus, Albert Sollod, and Chip Stem 253
An Efficient and Simple Method of Non-Enzymatic Detachment of Monolayer Cultures into Single Cell Suspension
K. H. Sit, K. P. Wong, and B. H. Bay 257
Assay of Ligand Receptors on Membranes of Epithelial Cells Cultured in Three Dimensional Matrices
Vasundara Venkateswaran and Howard L. Hosick 261
Application of the Principles of Good Manufacturing Practices (GMP) to the Design and Operation of a Tissue Culture Laboratory
Roger W. Johnson 265
Cryopreservation of Embryonic Chick Myogenic Lineage-Committed Stem Cells
Henry E. Young, Donna C. Morrison, Jonathan D. Martin, and Paul A. Lucas 275
A Direct Fluorimetric DNA Assay on Cell Suspensions
M. P. Bonis, N. Germain, and J. Frey 285
Fetal Bovine Oviduct Epithelial Cell Monolayers: Method of Culture and Identification
Nadia Ouhibi, Gérard Benet, and Yves Menezo 289
Author Index 295
Subject Index 296

Editorial Office Use Only

All manuscripts submitted to the Tissue Culture Association (TCA) must include this form, signed by the author(s). Form will be returned with manuscripts not accepted.

MANUSCRIPT TITLE: _____

_____

AUTHOR(S): _____

This form should be signed by all authors (senior and junior) or by their authorized agent, except that in the case of an article commissioned by another person or organization or written as part of the duties as an employee, an authorized representative of the commissioning organization should sign.

U.S. Government authors whose articles were written as part of their official duties should sign the second statement below.

I (We) hereby transfer to the Tissue Culture Association (TCA) copyright and all rights under it in the manuscript named above, effective if or when it is accepted for publication.

SIGN HERE: _____ corresponding author _____ date _____ author _____ date

_____ author _____ date _____ author _____ date

_____ senior author acting as the agent for all other authors _____ date

_____ other authorized agent, name and title _____ date

U.S. Government authors only

This is to certify that the article named above was prepared by a United States Government employee(s) as part of his (her) (their) official duties and therefore legally cannot be copyrighted. Should the article later be determined to be copyrightable, I (we) hereby transfer to the Tissue Culture Association copyright and all rights under it I (we) have in this article if and when it is acceptable by the Society.

SIGN HERE: _____ author _____ date _____ author _____ date

_____ name (and title if not author) _____ date

NO MANUSCRIPT MAY BE PUBLISHED IN ANY TCA PUBLICATION UNLESS THE TCA HAS RECEIVED THIS SIGNED FORM.
